Call for papers

Dear Colleagues

15-16 October 2015 on base Surgut State Pedagogical University will be organized scientific seminar «The Environmental history of Siberian North: Promising Research directions».

Environmental historians from USA and Europe noted that Russia is a great country with unique natural conditions, equally interesting and unknown. These conclusions are definitely true for Siberian North.

The North of Siberia was completely transformed in very short time. This transformation started from the control over the extraction of several particular resources and came to the complex industrial development with necessary environmental protection. That's why the region interesting for historical-ecology researches from both theoretical and practical point of view.

The main aim of the scientific workshop is to discuss the results of environmental history research in the region of Siberian North, theoretical and methodological aspects of environmental history in general.

This discussion will provide possibility to get the new vision of the research subjects in the history of the North of Siberia, expand knowledge on the history of interrelations between people and nature, promote the professional contacts and

and discussions of the major theoretical and methodological problems of environmental history.

The program of scientific seminar will include presentations, roundtables, and additional cultural program. Working languages are Russian and English.

The Organizing Committee of conference offers the following themes of roundtables:

- Historical experience of nature management on Siberian North: «experience of history» and «experience of historian»,
- The history of regional environmental policy in the Russian Empire and the Soviet Union: the «Northern Dimension».
- Natural resources, nature management and nature protection in the North of Siberia in historical past;
- Models of interaction between society and nature in the North of Siberia in XVII-XX century.

If you would like to take a part in conference, please send the application according to the form below and the text of the paper proposal (3 000 to 5 000 words) by **31 August, 2015**.
